

# **Planning a Worship Night**

## **Suggestions:**

### **Idea #1: The Lord's Supper**

See Appendix E.

### **Idea #2: Song**

In advance of group, encourage group members to bring a CD with their favorite Christian song or hymn to share. They can explain how it ministers God's grace and love to them. Close with a prayer time in which people acknowledge to God the different ways He is altogether good and wonderful.

### **Idea #3: Psalms**

In advance of group, encourage group members to find a favorite Psalm that focuses on praise. Have each one read their choice and share why it is meaningful to them. Close with a prayer time in which people acknowledge to God the different ways He is altogether good and wonderful.

### **Idea #4: Create your own idea for worship**
